# Wire Back Retainer Extension Assembly

Part Number:

Our versatile Wire Grid Backs offer display solutions that are flexible, low-maintenance and durable. Choose from four Wire Back options: Slot Grid, Multi Grid, and Louver Grid.

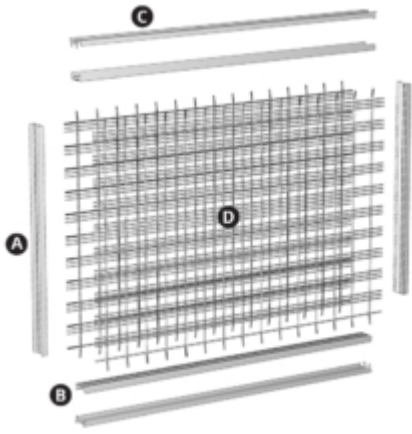

## Product Details:

- Use to extend grid or combinations of grid and hardboard on top of wall or island sections
- Can be installed in wall or island sections with taller one-piece uprites and lower hardboard backs or in extension sections that utilize uprite extensions.
- Maximum height when installed in extension uprites is 48".

## INCLUDES (Ordered Separately)

- A. Vertical Retainers
- B. Horizontal Retainers
- C. Top Rails (2 per Section)
- D. Grid Back(s)

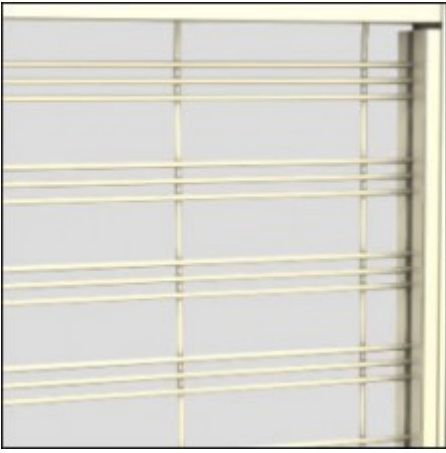

NOTE: Extension Uprites not shown and ordered separately

**WIRE BACK OPTIONS**

SG = Slot Grid

MG = Multi-Grid

LG = Louver Grid

## WIRE RETAINER OPTIONS

S = Single Back

D = Double Back

T = Triple Back

---

## Top Rail

---

- All Island and Wall Sections require one Top, Center and Bottom Rail
- 2' and 30" sections use two Top Rails to make a Splicer Rail
- Electrical knockouts included on all Rails

## Product Options and Numbers

Example Part #: **R 4 T PLT**

**Rails:**R

**Width:** 2', 30", 3', 4'

**Top Rail:** T

**Standard Finish:** **PLT**, Optional Catalog Colors

### Suffix Key

**PLT** - Platinum Color

## Wire Grid Assembly Retainers

---

- Wire Backs require perimeter retainers to adapt them for use in standard Lozier Uprites
- For the most efficient length configuration, order lengths per the Wire Back Assembly
- Order two RE\_ to be used in the horizontal application
- Order a minimum two RE\_ to be used in the vertical application
- For sections taller than 54"H (RE\_48) and up to 96", order RU\_upper retainer to correspond to the overall Back height
- For Backs taller than 96"H order one Splicer Rail (R\_S), two horizontal retainers (RE\_), and two vertical retainers (RE\_)

S = Single Back

D = Double Back

T = Triple Back

## Product Options and Numbers

Example Part #: **RE S 48 PLT**

**Wire Grid Assembly Retainer:** RE,RU

**Retainer Style:** S,D, T

**Height:** 06", 12", 18", 24", 30", 36", 42", **48"**

**Standard Finish:** **PLT**, Optional Catalog Colors

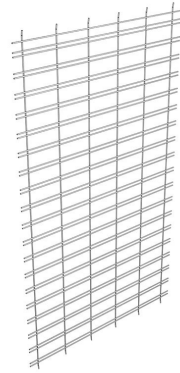

### Suffix Key

<b>RE</b>	- Extension Back Retainer
<b>RU</b>	- Upper Back Retainer
<b>S</b>	- Single Back Retainer
<b>D</b>	- Double Back Retainer
<b>T</b>	- Triple Back Retainer
<b>PLT</b>	- Platinum

## Wire Back Retainer Extensions

---

- Choose the Back style that meets your visual merchandising needs
- Order RBE\_ 6" shorter than Uprite (Example: U72, order RBE466MG. One-piece backs up to 90"H)

SG = Slot Grid

MG = Multi-Grid

LG = Louver Grid

### Product Options and Numbers

Example Part #: **RBE 4 54 MG PLT**

Wire Back Retainer Extension: **RBE**

Width: 2', 30", 3', **4'**

Height: 06", 12", 18", 24", 30", 36", 42", 48", **54"**, 60", 66", 72", 78", 84", 90"

Back Style: **MG**, SG, LG, P, M, ME, P2, M2

Standard Finish: **PLT**, Optional Catalog Colors

#### Suffix Key

<b>SG</b>	- Slot Grid Back
<b>LG</b>	- Louver Grid Back
<b>MG</b>	- Multi-Grid Back
<b>P</b>	- Pegboard Back
<b>M</b>	- Marteck Back

- ME** - Econo Marteck Back
- P2** - Single Pegboard Back, painted two sides
- M2** - Single Marteck Back, painted both sides
- PLT** - Platinum
