Spring Locking Base Bracket

Part Number: **Part Number: BB_06S, BBH_06S, BBU_LBSPK10, BB_LBS**

Base Bracket serves as the foot of your Wall or Island section, locking into the Uprite using an integral spring latch.

Product Details:

- Features 2" conduit hole for greater electrical access
- Includes leveling legs for uneven flooring
- Install straight-in using integral spring latch
- Actual Bracket length is 3" less than nominal Deck depth

*Note: All 28" deep and 31" deep Base Brackets are rated for Heavy Duty capacity, and can be used for both Standard Duty and Heavy Duty applications.

SYSTEM CAPACITIES ARE LIMITED BY THE UPRITE. FOR HEAVY DUTY CAPACITY, HEAVY DUTY BASE BRACKETS MUST BE USED WITH HEAVY DUTY UPRITES.
